MEMORANDUM FOR: Chief, Management Staff

SUBJECT : Medical Office Table of Organization.

1. The Chief, Medical Staff has recently discussed with me in some detail the difficulty that he is encountering in recruiting medical technicians for overseas duty since the elimination of twenty unvouchered positions which he had formerly for this purpose. Without these positions he is prohibited from paying travel expenses to Washington, D. C., and per diem while the employee is in a training status. The net result of this causes him concern in that he is finding it extremely difficult to fulfill his obligation to furnish medical technicians to overseas stations. However, he believes that he could meet the problem successfully if he were allowed one unvouchered position in his table of organization without any increase in ceiling.

2. Accordingly, you are requested to make the necessary arrangements to delete one vouchered position from the present T/O of the Medical Office and to add one unvouchered position thereto.
